

Index to MACHINERY, Volume XLI

A	
Abrasive Cutting-off Turns Minutes into Seconds. Harry G. Robinson	393
Abrasive Grains, Lionite—Etched	383
Abrasoweld Self-hardening Electrode	513
Accidents Due to Defects in Machinery of His Manufacture, Liability of Builder for, Leo T. Parker	359
Accidents in 1934, Industrial	551
Accidents Through Cooperation of Employees, Combating, William C. Betz	276
Acheson Colloids Corporation: When to Use Oil-dag Lubricant	559
Lubrication of Die-casting Machines	626
Acme Machine Products Co., Inc.: "Sure Flow" Pumps	767
Acme Pattern & Machine Co., Inc.: Automatic Straight-shank Nut-tapping Machine	182
Adjustable Clamp Co.: Miniature C-clamps	385
Adrian X-ray Mfg. Co.: X-ray Equipment for Production-line Inspection	699
Aircro-DB Tractograph	193
Air Compressor, see Compressor.	
Air Conditioning Defined	680
Air-conditions Large Machine Shop, International Business Machines Corporation	622
Airplanes of the British Navy, Stainless Steel Protects	299
Air Reduction Sales Co.: Aircro-DB Tractograph	193
Aircro Shielded-arc Electrodes	379
Air to Strip Shells from Forming Punch and Die, Using Compressed, William C. Betz	612
Ajax Electric Co., Inc.: Helical Heating Element	131
Electrical Ammonia Dissociator	319
Ajax Flexible Coupling Co.: Shaler Shaker	573
Lectrigear Reduction Units	576
Ajax Mfg. Co.: Air-clutch Forging Machines	116
Wire-drawing Attachment for Cold-heading Machines	253
Wide-adjustment Forging Rolls	566
Alexanderson, Dr. Ernst F. W., Personal of	388
Aligner, Bantam Roller	643
Aligning Long Lathe Beds	552
Allen-Bradley Co.: Solenoid Switch	319
Solenoid-operated Switches	381
Solenoid-operated Switches	446
"Alligator" Belt Cutter for Squaring Belt Ends	770
Allis-Chalmers Mfg. Co.: Reinforced Sheave	263
"Seal Clad" Motors	321
Open-house Day of the Allis-Chalmers Co.	432
Alloy of High Tensile Strength, Yaloy—a New Corrosion-resisting	629
Alloy Steel Developed Especially for Bakelite-product Molds, Bakelite—an	368
Alloy that Fuses with Glass "Fermico"—a Metal	177
Alloys for Large Castings, "Coccolloy"—A Series of Iron	37
Alloys in the Die-casting Industry, Improved Methods and	107
Alloys, New Uses for Some of the Non-ferrous Metal	106
Alloys on Chilled and White Iron Castings, Effects Produced by	424
Alloying Metals on Gear Steels, The Effect of	17
Alnor Horizontal Edgewise Pyrometer	705
Alumiluting—Another Advance in Aluminum-Alloy Pistons	345
Aluminum Alloy Containing Cerium and Known as "Ceralumin"	298
Aluminum Alloys for Screw Machine Work, Free-cutting	751
Aluminum Co. of America: Alumiluting—Another Advance in Aluminum-alloy Pistons	345
Free-cutting Aluminum Alloys for Screw Machine Work	751
Aluminum Foil Seals Milk Bottles Against Germs and Dirt	561
Aluminum Industries, Inc.: Minute Explosions Produce Aluminum Paint	24
Permite Bronze Bars Made in Machine Lengths	38
Aluminum Paint, Minute Explosions Produce	24
American Broach & Machine Co.: Surface Broaching Machine	254
Automatic Cylinder-block Broaching Machine	761
American Catalin Corporation: New Industry Creates Demand for Light Machinery	521
American Electric Fusion Corporation: Projection Welder that Makes Twelve Hundred Welds a Minute	515
American Foundrymen's Association: Announcement of Fifth International Foundry Congress	28
Annual Meeting Held in Philadelphia	142
American Gear Manufacturers' Association: Semi-annual Meeting in Milwaukee	171
Nineteenth Annual Meeting at Wilkesburg	617
Standard Ratings for Speed Reducers	741
American Optical Co.: Goggles Designed for Maximum Ventilation	386
American Society for Metals (formerly American Society for Steel Treating): The Sixteenth Annual National Metal Exposition	97
American Society for Testing Materials: Copper-silicon Product Specifications Approved	237
Thirty-eighth Annual Meeting in Detroit	605
American Society of Mechanical Engineers: Ralph E. Flanders Elected President of Society	144
Progress in Machine Shop Practice	215
Chicago Machine Shop Practice Meeting	400
Machine Tool Meeting in Chicago	520-E
B	
American Society of Tool Engineers: Announcement of Election of Officers	582
American Tool Works Co.: Aligning Long Lathe Beds	552
American Welding Society: New Welding Codes Issued	599
Ames Co., B. C.: Improved Upright Gage	445
Pocket Gage with Two-inch Throat	520-D
Dial Micrometer	703
Ames, Harry O., Personal of	708
Ammonia Dissociator, Ajax Electrical	319
Analysis of Metals, Instrument for X-ray diffraction	648
Ancorlox Co.: Lock-washers	643
Anderson, David E., Personal of	648-B
Angle-plate and "Holocator" Combination	131
Angle Steel Stool Co.: Metal Tables for Shop Use	250
Annealing Metal Strip as it is Fed to the Die, Electric Attachment for	341
Anode, A New Type of Plating	608
Applicator for Automatically Feeding Composition to Buffing Wheels, Packer	762
Apprentice Training, The Norton Company's New Plan for	170
Arbor with Center Supports, Hob. Charles H. Stanard	277
Arc, Finding Diameter of Cylinder from Measurement of, William S. Rowell	142
Arc Welding, see Welding.	
Archer, R. S., Personal of	452
Armstrong-Blum Mfg. Co.: "Marvel" Horizontal Friction Type Tapping Machines	700
Art in Engineering Design, G. L. Schwarz	143
Assembling Buses on Overhead Tracks	479
Assembling Parts by the Upsetting Process	12
Aurora Metal Co., Inc.: Sound Die-castings of Aluminum Bronze Produced by the Use of Vacuum	404
Automatic Machine Co.: Coulter Hydraulic Horizontal Precision Boring Machine	633
Automatic Metal-cutting Machines, First	556
Automatic Screw Machine, One Piece Produced Every Three and a Half Seconds in an	24
Automatic Transportation Co.: Truck of 60,000 Pounds Rated Capacity	132
Automatic Unit for Drilling, Tapping, and Other Operations, Bradford	378
Automatics with Self-stopping Feature, New Line of New Britain	755
Automobile Construction, How Nickel Steels are Applied in	684
Automobile Plant, Heat-treating in an, J. B. Nealey	201
Automobiles, The Part Stainless Steel Plays in the New	368
Automotive Industry is Constantly Forging Ahead, Automotive Production, Engineering the Equipment for, H. E. Mills	472
"Auto-Shift" Drafting Table	519
B	
Babbittizing Connecting-rods, Fluxes for, A. Eyles	681
Baekeland, Dr. Leo Hendrick, Personal of	325
Bailey, Walter K.: Selecting the Right Machine Tool for the Job	532
Bakelite-product, Mo'ds Developed Especially for Bakelite-product, Mo'ds	368
Bakelite as a Fireproof Material for Ship Construction	178
Bakelite Used for Mounting Metallurgical Specimens	560
Baker Bros., Inc.: Two-way Hydraulic-feed Drilling and Boring Machine	306
Vertical Hydraulic-feed Machine	565
Baker-Rauland Co.: Three-ton Elevating Truck	189
Electric Trucks for Handling Heavy Dies	208
Balancer for Suspending Portable Tools, CP Super-safety	261
Balancers for Suspending Portable Tools, Thor	704
Balancing in the Field, New Method and Equipment for Dynamic	325
Balfor Electric Co.: Ball-bearing Buffers	520-A
Baldwin-Duckworth Chain Corporation: Flexible Coupling	316
Baldwin-Southwark Corporation: A Treatise on Materials-testing Machines	8
Heavy Press for Making Dry Ice	16
Small Strain Gage Measures Large Stresses	152
Heavy-duty Plate Planer	305
Torsion Impact Testing Machine of High Capacity	448
Rolling Press, Scrap-metal	248
Ball- and Roller-bearing Housing Closures, Complete	520-B
Ball Bearings of Increased Precision, Fafnir	701
Ball Bearings to Live Centers, Applications of	597
H. W. Holdsworth	318
Ball Bearings with New Mountings, Fafnir	703
Ball Thrust Bearings of Large Diameter, Bantam	638
Band Saw for Internal Sawing, Grob	752
Band Saw on Die Work, Precision	456
Bantam Ball Bearing Co.: Large Tapered Roller Bearings	581
Thrust Bearings Designed to Carry Load of 1,000,000 Pounds Each	643
Roller Aligner	703
Ball Thrust Bearings of Large Diameter, Bantam	767
Bar Stock Floor Stands for Cutting-off Machines, Campbell	38
Bars Made in Machine Lengths, Lead Phosphor-bronze	38
Bars, Simple Set-up for Milling a Flat on Round, Oliver Herbert	677
Barber-Colman Co.: The Barber-Colman Tapered Hob-spindle	430
Taper-spindle Hobbing Machine	439
Bardons & Oliver: No. 3 Turret Lathes	181
Barnes Co., W. F. & John: Hydraulic Upright Drilling Machine	129
Barnes Drill Co.: Hydram Drilling Machine	44
No. 5 Horizontal Hydraulic Honing Machine	246
Barnes, Walter E., Personal of	584-A
Barnett, J. W., Personal of	708
Barnstead Still & Sterilizer Co.: Cleaning-solvent Recovery Still	518
Barrels in the Shop, A Convenient Rack for Handling Oil	374
Barrett-Cravens Co.: Lift Truck for Handling Tin Plate	263
A Convenient Rack for Handling Oil Barrels in the Shop	374
Tin-plate Elevator	383
Multiple-stroke Lift Truck	520-C
Barry, John G., Personal of	776
Bassett, William Hastings, Obituary of	64
Bassoff, A. Bair, Personal of	324
Batcheller, H. and G., Personal of	264-C
Bath, John, Obituary of	776-A
Batt, W. L., Personal of	776
Batten, George E., Obituary of	392
Bauman, J. N., Personal of	708
Beadsley, Dr. William H., Obituary of	520-I
Bearing, see Ball, Rolle, etc.	
Bearing Appliance Co.: Complete Ball- and Roller-bearing Housing Closures	520-B
Bearing Design, Modern, L. M. Tichvinsky	265
Bearing Failures in Wick-lubricated Electric Motors	359
Bearing Pressures	232
Bearing, Torrington Closed-end Needle	319
Bearing Troubles with Self-lubricating Bronze Bushings, Minimizing, Herbert Chase	9
Bearings Caused by Unclean Oil Containers, Hot	531
Bearings, Sensitiveness of Anti-friction	343
Bearings that Apply in General Machine Design, Trends in Automotive, Herbert Chase	485
Bearings, Torrington Needle	56
Beatty Machine & Mfg. Co.: All-steel Totally Enclosed Plate Shear	317
Beaver Die-stocks and Pipe Reamer	59
Beck, Herbert J., Obituary of	392
Beckmann, M. A., Personal of	584-A
Belt Cutter for Squaring Belt Ends, "Alligator"	770
Belt Dressing, Goodrich Liquid	128
Belts, Goodyear Transmission	571
Belts, New Method of Making Endless	61
Bending Brake, Sheetmetal Press Type	257
Bending Machine, Williams Universal Tube	251
Bending Machine, Williams-White Hand Tube and Bar	765
Bending on a Production Basis, Tube, Charles O. Herb	649
Bending Rolls for Bars and Structural Shapes	126
Benesch, E. J., Personal of	648-B
Bentley, Jr., Frank W.: Household Device Serves as Thumb-tack Lifter	142
Berg, H. B.: Combination Die for Piercing and Slotting Angle-bars	355
Berger, Karl F., Personal of	584
Bethalon Free-machining Corrosion-resisting Steels	427
Bethlehem Steel Co.: The Properties of Two Free-Machining Corrosion-resisting Steels	427
Bettcher, M. L., Personal of	264-C
Betz, William C.: Bonus in the Tool-room	32
Quick-service Dies for Sample and Small-lot Production	94
Stud-removing Kink	162
Heat-treatment of Cobalt High-speed Steel	233
Combating Accidents Through Cooperation of Employees	276
Press Tool's for Making Ferrules	547
Using Compressed Air to Strip Shells from Forming Punch and Die	612
Beryl Gear Blanks, Expanding Mandrel for, C. J. Rayman	745
Bianchi, C. J., Personal of	136-B
Blax High-speed Tapping Attachment	450
Bliss Lubricating Corporation: Centralized Lubrication of Industrial Machinery	238
Bimetal for Various Temperature Ranges, Ten Types of Thermostatic	561
Birkbak, C. A.: Diamond Turning and Boring of Automobile Pistons	468
1	544
2	606
Precision Boring as a Production Operation	663
Blackhawk Mfg. Co.: Portable Hydraulic Power Unit	576
Blanking and Drawing of Thin Stock	719
Blanking, Formula for Width of Stock Required for Multiple Circular, Albert A. Cavicchi	272
Blast Cleaning Machine, Centrifugal	315
Blast Mill for Cleaning Castings and Forgings, A New	270
Bliss Co., E. W.: Huge Bliss-Marquette Presses of Welded Construction	47
High-production Press	759
Bliss, Philip E., Personal of	648-C
Blower with One-horsepower Motor, Portable	136
Blueprint Machine, Milligan & Wright	385

Blueprint Papers and Cloths, Pease "Non-bleeding"	381	Bruhl, Paul C., Personal of	708	Castings Take the Place of Forgings in Auto-	482
Blueprinter, Milligan & Wright Floor Model	706	Find Diameter of Inaccessible Work with a	279	Castings? When Should Welded Structures Replace	13
Blueprinter, Speedway	46	Vernier Caliper	279	J. L. Brown	13
Bodine Corporation:	515	Bucher, George H., Personal of	520-G	Caviechi, Albert A.:	272
Dial Type Drilling and Tapping Machine	515	Buckeye Portable Tool Co.:	250	Formula for Width of Stock Required for Multi-	272
Bodine Electric Co.:	192	Larger Size "Hercules" Nut Runner	320	ple Circular Blanking	272
Bolts, Rawplug Expansion	257	Hercules High-frequency Electric Drill	320	"Cecolloy"—A Series of Iron Alloys for Large	37
Bonbright, J. M.:	158	Hercules Portable Tool for Screw and Nut	704	Castings	429
Applying Finish to Chevrolet Bumpers	158	Driving	602	Cement, New Acid-proof	336
Bonney Forge & Tool Works:	195	Budgeting Have Proved Their Value, Where Plan-	602	Census of Machine Tool Accessories and Machinists'	91
Holding Tool	32	ning and	93	Tools	597
Bonus in the Tool-room, William C. Betz	32	Budwitz, Peter L.:	550	Centers, Applications of Ball Bearings to Live	529
Borden Co.:	59	Drill Guide Blocks with Center-distance Adjust-	58	H. W. Holdsworth	298
Beaver Die-stocks and Pipe Reamer	48	ment	58	Centralizing Cutters in Boring-bars, Edward	60
Bore-Matic, Head Double-end	496	Toolmakers' Universal Drill Jig	58	Prince	288
Boring and Milling Machine, Hydroptic Precision	311	Buell Die & Machine Co.:	520-A	"Ceralumin"—an Aluminum Alloy Containing	567
Boring and Milling Machine, Newton Combination	419	Olofson Precision Grinder for Machine Tools	766	Cerium	590
Boring and Reaming Cylinder Blocks, Progressively	419	Buffers, Balder Ball-bearing	380	Chains, Whitney Conveyor	136-B
Indexed Holders for, Charles C. Tomney	419	Buffing Lathe with Extra Wide Swing	479	Chamberburg Engineering Co.:	37
Boring as a Production Operation, Precision	606	Buffing Wheels, Packer Applicator for Automatic-	59	"Cecolloy"—A Series of Iron Alloys for Large	567
C. A. Birkebæk:	663	ally Feeding Composition to	457	Castings	37
1	606	Buhr Machine Tool Co.:	309	Steam Drop-hammers	494
2	663	Buick Motor Co.:	452	Chamfering Machine, Lipe Single-spindle Gear-	565
Boring-bars, Centralizing Cutters in, Edward	529	Broaching at Buick	309	tooth	380
Prince	122	Bullard Co.:	452	Chamfering, Reaming, and Boring Machine, Baker	228
Boring, Drilling, and Milling Machine, Ohio Six-	41	Small "Type J" Multi-Au-Matic	361	Vertical Hydraulic-feed	167
inch High-speed Single-spindle	93	Bullock, B. W., Personal of	370	Chamfering, Rounding, Pointing, and Buffing Ma-	136-C
Boring, Drilling, and Milling Machine, Sellers	306	Bumpers, Applying Finish to Chevrolet, J. M.	438	chinery, Cross Gear-tooth	738
Horizontal	633	Bonbright	584-A	Chase, Henry M., Personal of	136-B
Boring Fixture with a Capacity for Sixty-four	50	Burnt-Shave Gear Finishing Tools	560	Chase, Herbert:	9
Piston-rings, C. W. Putnam	317	Burnishing Barrel for Small-lot Work, Ranshoff	9	Minimizing Bearing Troubles with Self-lubricat-	485
Boring Heads, Stand for Setting and Storing	533	ing Barrels, Pilot for Pressing in Thin-walled, J. E.	229	ing Bronze Bushings	590
Valve-chamber, Oliver Herbert	306	Bushings, Pilot for Pressing in Thin-walled, J. E.	205	Trends in Automotive Bearings that Apply in	485
Boring Machine, Baker Two-way Hydraulic-feed	634	Fenno	361	General Machine Design	590

Boring Machines, Cimtool Precision	492	Wrought Iron Increased in Strength by Adding	560	CP Super-safety Balancer for Suspending Port-	261
Boring Machines, Simplex Precision	492	Nickel	560	able Tools	520-D
Boring Main Bearing Saddles, Fixture for, Charles	674			CP Universal Electric Drill	192
C. Tomney	544			Chicago Wheel & Mfg. Co.:	645
Boring of Automobile Pistons, Diamond Turning	385			"Hi-Power" Portable Grinder with Built-in	192
and, C. A. Birkebæk:	323			Filter	645
1	544			"Hand-ee" Penell Type Grinder	435
2	385			Chopper Produced by Applying Modern Materials,	200
Boring of Motor End-shields, Precision	530			Artistic Meat	201
Boring, Beaming, and Chamfering Machine, Baker	565			Christensen, John, Personal of	649
Vertical Hydraulic-feed	530			Chrysler Plant, Tube Bending on a Production	167
Boring Tool for Milling Machine and Lathe, Jig,	358			Basis in the, Charles O. Herb	703
Avery E. Granville	321			Chuck Used in Grinding Concentric Bores in	493
Boring, Turning, and Facing Head, Craley	295			Sleeve, Quick-acting, F. P. Smith	569
Boring Two Steps of Different Sizes in Blind	177			Chuck, Walker Swiveling Magnetic	492
Holes, Tool for, Peter F. Rossmann	180			Chuckling Machine, Power-Flex Auto-	259
Boron Carbide—Next to the Diamond the Hardest	312			matic	44
Material Known	390			Chuckling Machine, New Britain-Gridley Multiple-	125
Bortz (Diamond) Wheel, Norton	579			spindle	698
Boston Gear Works, Inc.:	388			Cimtool Co.:	128
Straight and Motorized Gear Reducers	378			Precision Boring Machines	376
Brady, David R., Obituary of	707			Cincinnati Bickford Tool Co.:	510
Brady, T. J., Personal of	378			Multiple-spindle Drill Heads	320
Braeburn Alloy Steel Corporation:	368			A. H. Tuechter Completes Fifty Years with	638
Bakelite—an Alloy Steel Developed Especially	377			Company	654
for Bakelite-product Molds	244			Cincinnati Electrical Tool Co.:	44
Brake for Power Presses, Automatic	60			Combination Abrasive Cut-off Machine and	125
Brake, General Electric Disk Type Electric	642			Grinder	698
Brakes, Cutler-Hammer Small Electric	211			Cincinnati Grinders Incorporated:	128
Brakes, Stearns Magnetic Disk	750			Grinding Armature Shafts for Fractional-horse-	376
Brakes, Press, see Press	134			power Motors	510
Brass Alloys that Can be Die-cast	775			Cincinnati Milling Machine Co.:	320
Brass and Bronze Alloys that can be Welded	133			Hydro-broach Machines	611
Brazing Machines, Eisler Electric Saw	438			No. 1-12 Automatic Milling Machine	676
Brendel, Louis H., Personal of	589			Exhibit Marks Fiftieth Anniversary of Com-	165
Bridgeport Safety Emery Wheel Co., Inc.:	420			pany	385
High-speed Floor Grinding Machine	747			Fiftieth Anniversary Exhibition	28
Brinell-Rockwell Conversion Tables	209			Multiple-station Drilling on Small-lot Production	454
Broaches, Correct Procedure in Straightening	44			ing Machine Units and Fixtures Designed for	636
Broaching at Buick, Charles O. Herb	359			High Production	698
Broaching Independent Front-wheel Suspension	457			Motor-driven Universal Milling Attachment	128
Parts, William A. Hart	1			Cutter and Tool Sharpening Machine with Dupli-	376
Broaching Lathe for Finishing External Cylind-	303			cate Controls	510
rical Surfaces, Wickes	264			Cincinnati Shaper Co.:	320
Broaching Machine, American Surface	761			All-steel Press Brakes	676
Broaching Machine, Automatic Cylinder-block	247			Load Indicator for Cincinnati Press Brakes	165
Broaching Machine, Colonial Two-way Hydraulic	511			Huge Cincinnati Press Brake	611
Broaching Machines, Footburt Single-slide Vertical	43			Smaller-series All-steel Shears	676
Hydraulic	379			Clamp for Dial Indicators, Brown & Sharpe	612
Broaching Machines, Lapointe Hydraulic Surface	55			Clamp for Facing and Grooving Tool, Combination	612
Broaching, Milling, Grinding, and Drilling Unit for	257			Pilot and, Charles T. Tomney	385
Lathes	750			Clamp for Holding Work in Dies and Fixtures	612
Broaching Press, Fox Hydraulic Forcing and	520-H			Frank J. Maille	612
Broaching Presses, Logansport Hydraulic Forcing	316			Clamp for Milling Fixture, Double-acting	612
and	771			Clamp that can be Positioned and Tightened with	612
Broome, Clifford E., Personal of	520-H			One Movement, Robert H. Holton	612
Brown Instrument Co.:	316			Clamping Action Obtained by Lever-operated	612
Portable Potentiometer	13			Wedge, Powerful, F. Server	612
Brown, J. L.:	57			Clark, E. H., Personal of	612
When Should Welded Structures Replace Cast-	124			Clark Tractor Co.:	612
ings?	135			Forty-six Horsepower Industrial Tractor	612
Brown & Sharpe Mfg. Co.:	320			Cleaning Castings and Forgings, A New Blast Mill	612
Micrometer Caliper for Tubes	440			for	612
High-speed Vertical-spindle Milling Machine	520-B			Cleaning Chemical, Magnasol—A New Metal-	612
Heavy Micrometer Head	696			Cleaning Machine, Centrifugal Blast	612
Surface-plate Square	771			Cleaning-solvent Recovery Still	612
Clamp for Dial Indicators	520-B			Cleveland Punch & Shear Works Co.:	612
Light Type Plain Milling Machine	520-B			Punch Type Power Press	612
Ball-bearing Internal Grinding Fixture	520-B			Welded-steel Forming Press	612
Micrometer Calipers with Stainless Steel Parts	520-B			Cleveland Steel Products Corporation:	612
Universal and Vertical Milling Attachments	520-B			Savings Achieved by Motorizing Shop Equip-	612
Bench Micrometer	520-B			ment	612
				Cleveland Twist Drill Co.:	612
				Remarkable Employee Service Records	612
				Clare, Leon L., Personal of	612

		Tool, Portable, see Portable		Van Norman Machine Tool Co.:	
T		Tool-room, Bonus in the, William C. Betz	32	No. 12 Milling Machine	186
Table Setting Equipment for Accurate Taper Grinding, Swivel	762	Tool Sharpening Machine with Duplicate Controls, Cincinnati Cutter and	698	Small-sized Milling Machine	444
Tables for Shop Use, Metal	250	Tool Sharpening, Tungsten Carbide Reduces, Charles O. Herb	213	Vaughan, Victor G., Personal of	198
Tack Lifter, Household Device Serves as Thumb-Frank W. Bentley, Jr.	142	Tools, Census of Machine Tool Accessories and Machinists'	336	Ventilator for Welding Operations, Portable	51
Tad, Making Use of the Back of the Shipping	774	Tools, What a Shop Executive Should Know About the Heat-treatment of Cutting, Robert C. Deale:		Veraa, Phil E.:	
Taan, Walter L., Personal of	707	1		Jig with Floating V-block for Centering Work	229
Tantalum Sheets 0.005 Inch Thick Electrically Welded	345	Tooling Provides Production Flexibility, Universal W. J. Russell	288	Drill Jig with Centralizing Device	417
Tap-chaser Bake-grinding Attachment, Landis	444	Toolmakers Ahead, The Scarcity of Machinists and C. B. Cole	657	Push-button Mechanism for Alternately Changing Position of Lever	503
Tap-chaser Throat-grinding Attachment	574	Toolwell Electrode for Restoring Worn Cutting Edges	382	Vibration Eliminator Co.:	
Tape Applied to Micrometer Barrel Serves as Tolerance Guide, Gummied, William R. Howell	656	Toolwell Electrode Provides New Type of Cutting Tool	558	Shock Absorber Designed to Eliminate Vibration of Machinery	647
Taper Attachment, Reed-Prentice	252	Torch, Purox General-duty Welding	768	Vibration, Overcoming Machinery	520-F
Taper Holes, Gage for Inspecting, O. W. Putnam	228	Tombloom, Nels A., Personal of	62	Vickers, Inc.:	
Taper of Plug Gages and Reamers, Gage for Testing, C. W. Putnam	550	Torque Products Co.:		Electric-hydraulic Control Panel	520
Tapping, and Other Operations, Bradford Automatic Unit for Drilling	378	Hydraulic Torque Dynamometer	381	Vise, Adjustable Quick-locking, A. Washbauer	165
Tapping Attachment, Biax High-speed	450	Torrington Co.:		Vise, Adjustable for End-shaping, Shaper-	575
Tapping Heads, Buhr Multiple Drilling and	59	Needle Bearings	56	Vise for Drilling Machines, Handy	191
Tapping Machine, Automatic Straight-shank Nut-	182	Closed-end Needle Bearing	319	Vises, Covel Universal Angle	448
Tapping Machine, Bodine Dial Type Drilling and	515	Torsion Impact Testing Machine of High Capacity	448		
Tapping Machine, External Threads Cut on a High-speed	774	Tracings, Mending	528		
Tapping Machine, Globe Automatic Hopper-feed	124	Tracings, New Method of Producing	528		
Tapping Machine, Haskins High-speed	133	Tractograph, Alroco-DB	193		
Tapping Machine, Rickert-Shafer Self-contained Bench	520	Tractor with Pneumatic Tires, Mercury Gasoline	572		
Tapping Machines, Horizontal Friction Type	700	Tractors and Trailers Keep Work Moving in Chevrolet Plants, Charles O. Herb	585		
Taps, Extension Link for Landis Collapsible	771	Trade Secrets be Legally Protected? Can, A. H. Rodrick	206		
Tarbell, Ray P., Personal of	520-H	Trailers, Mercury Self-coupler for Industrial Train for New York's Subways, Stainless Steel Electric	435		
Tavella Sales Co.:		"Transitor"—a New Gearless Variable-speed Transmission	624		
Mascot Vest-pocket Slide-rule	772	Transmission of Large Size, Lowellen Variable-speed	520		
Taxes on Machinery, State Sales, Leo T. Parker	680	Transportation Equipment, Republic "Double Strength" Steel for	623		
Taylor, Harry S.:		Travis, S. V., Personal of	388		
Piercing Die Having Horizontally Opposed Punches	295	Trimming Machine, Federal Cap-screw and Bolt	516		
Taylor-Winfield Corporation:		Trimming Machine, Morton Draw-cut Flash	377		
Automatic Electric Resistance Heating Machine	697	Trimming Machine with a 10-foot Stroke, Morton Flash	517		
Technical Products Co.:		Trimson Mfg. Co.:			
New Acid-proof Cement	429	Portable Surfacing and Polishing Machine	644		
Toiberis, Anthony S., Personal of	520-G	Triplex Machine Tool Corporation:			
Tenite—a Molded Plastic that Can be Punched and Stamped	434	Hydroptic Precision Boring and Milling Machine	496		
Tennessee Eastman Corporation:		Tool-room Thread-grinding Machine	699		
A Molded Plastic that Can be Punched and Stamped	434				
Tensile Tester, Detroit Portable	261				
Terne Plate is Easily Fabricated into Many Parts	299				
Terrell, Ralph A., Personal of	584				
Tester and Fixtures, Parkson Gear	764				
Tester, Detroit Portable Tensile	261				
Testing Devices at the Metal Show, Instruments and	104				
Testing Machine, File	520-E				
Testing Machine, Newark Gear	571				
Testing Machine of High Capacity, Torsion Impact	448				
Testing Machines, A Treatise on Materials	8				
Testing Machines, Direct-reading Attachment for Brinell Hardness	382				
Tests on the Wear Resistance of Cemented Carbide Thin Stock, The Blanking and Drawing of	719				
Thomas, T. R.:					
Centralized Lubrication of Industrial Machinery	238				

Weighing Scale that Automatically Records Weights	212	Welding, Reducing Fabrication Costs by Spot- H. K. Liedy	33	Will, John H.: Charts for Calculating Worm-gear Loads	738
Weld Stress Reliever, Electric	47	Welding Saves \$200 in Press Repair, Arc	8	Willard, George Allen, Obituary of	392
Weld Timer, E O & M Automatic Repeat	193	Welding Sets and Electrode, General Electric Arc	123	Williams, Arthur H., Personal of	584-A
Weld Timer, Improved Automatic	135	Welding Timer, Westinghouse Ignitron	264	Williams & Co., J. H.: Non-sparking Safety Wrenches	760
Weldability is Now an Important Quality in Steel	218	Welding Torch, Purox General-duty	768	Williams, S. D., Personal of	776
Welded, Brass and Bronze Alloys that can be	750	Welding with Thyatron Control, Seam, George H. Hall	414	Williams, White & Co.: Horizontal Surface Grinder for Production or Tool-room Service	123
Welded Fixtures Prove Economical for Small-lot Production, Arc-	20	Weld-O-Meter Gives Useful Welding Facts	387	Bending Rolls for Bars and Structural Shapes	126
Welded-head Construction for Cylindrical Containers Made from Steel Pipe, Charles C. Tomney	529	"Wellometer"—a New Type Dynamometer	752	Universal Tube Bending Machine	251
Welded Piping, Savings through the Use of	656	Wells, Frank O., Obituary of	776-A	Combined Press Brake, Plate Shear, and Multiple Punch	641
Welded Safety Equipment	627	Wells Mfg. Co.: Universal Cutting-off Tool	520-C	Hand Tube- and Bar-bending Machine	765
Welded-steel Machinery Parts, Warping and De- formation of, W. T. Davidson	234	Wemple, Merritt O., Personal of	136-C	Willson Products, Inc.: Goggles for Chippers and Welders	194
Welded Structures, Cast Versus	616	Westbrook, Francis A.: Handling Heavy Dies with a Mechanical Stack	231	Wilson Mechanical Instruments Co., Inc.: Rockwell-Brinell Conversion Tables	35
Welded Structures Replace Castings? When Should J. L. Brown	13	Westinghouse Electric & Mfg. Co.: A Device that Picks out Noises in Machinery	19	Wire-drawing Attachment for Cold-heading Machines	253
Welded Structures, Steel Castings in, R. H. Longbottom	340	Timing Device for Fractions of a Second	92	Wodack Electric Tool Corporation: "Do-All" Combination Electric Tool	648
Welded, Tantalum Sheets 0.005 Inch Thick Electrically	345	Splash- and Weather-proof Motor	195	Wood Steel Co., Alan: A New Sheet and Plate Steel of High Tensile Strength	435
Welder for Aluminum, Thomson-Gibb Spot-	640	The Gearmotor and its Possibilities	209	Wood Wheels Selected by Navy to Withstand Sea Water	298
Welder, General Electric Stud	130	Measuring Half-cycles of Electric Current	216	Working, Robert J., Personal of	264-C
Welder, Lincoln Alternating-current	308	Ignitron Welding Timer	264	Worm-gear Loads, Charts for Calculating, John H. Will	738
Welder, Lincoln 75-Ampere Arc	188	Universal Tooling Provides Production Flexibility	288	Wrapper Over Ends of Tapered Package, Mechan- ism for Smoothing, Frank H. Mayoh	504
Welder, Noel "Speed-Arc"	386	Air Conditioning Defined	680	Wrench, Ingersoll-Rand Pott Impact	386
Welder that Makes Twelve Hundred Welds a Min- ute, Projection	515	Meter for Obtaining Total Running or Idle Time	766	Pott Impact	695
Welder, Thomson-Gibb Portable Gun Type	518	Westinghouse Lamp Co.: Good Lighting in Machine Shops	149	Wrenches, Williams Non-sparking Safety	760
Welders, Eisler Air-operated Spot-	577	Adequate Lighting in Machine Shops	240	Wright, Lee, Personal of	648-C
Welders, Federal Air-operated and Motor-driven Spot-	127	Lathe for Producing Microscopic Laps and Dies	353	Wrought Iron Increased in Strength by Adding Nickel	560
Welders, P & H-Hansen Vertical	520-D	Weston Electrical Instrument Co.: Electric Eye Turns on and off Lights in Shop	508		
Welding and Cutting Methods, Developments in	109	Wheel for Sharpening Cemented-carbide Tools	130		
Welding and Cutting Shop, More Work for the	668	Wheel Suspension Parts, Broaching Independent Front, William A. Hart	1		
Welding Available for Use, Film on	431	Wheels, Norton Bortz (Diamond) Grinding	180		
Welding Electrode Provides New Type of Cutting Tool, New Electric	558	Wheels of Colored Plastics Used to Identify Valves	685		
Welding Equipment, GE Alternating-current Arc-	46	Wheels Selected by Navy to Withstand Sea Water, Wood	298		
Welding, Fireless Locomotive Built by Arc	280	White Motor Co.: Nickel-chromium Cast Iron for Cylinder Blocks	478		
Welding Handles of Paper-making Machine Knives, Arc	415	Buses Assembled on Overhead Tracks	479		
Welding High-pressure Steam Pipe, Roll- George H. Hall	342	White, Paul H.: Right- and Left-hand Thread for Converting Rotary into Reciprocating Motion	729		
Welding Improves Coal Loading Equipment	609	Whitney, John Hill, Obituary of	584-C		
Welding in the Automobile Industry, Developments in Resistance	498	Whitney Improved Hand Milling Machine	310		
Welding Machine for Light Materials, Lincoln	644	Whitney Mfg. Co.: Conveyor Chains	60		
Welding Machine on the Ground, Welder on Tenth Floor Controls	216	Whitney Metal Tool Co.: Heavy-duty Punch	700		
Welding Machines, General Electric Automatic Timer for	255	Whitney, Willis R., Personal of	388		
Welding Machines, Hanna Air or Hydraulic Cylin- der for	185	Wickes Bros.: Heavy-duty Crankshaft Lathe with Double-end Drive	117		
Welding Machines, Pressure Meter for Resistance	647	Contour Turning Lathe	250		
Welding Mufflers in 14 1/2 Seconds	498	Broaching Lathe for Finishing External Cylin- drical Surfaces	303		
Welding Operations, Portable Ventilator for	51	Widia, see also Tungsten Carbide			
Welding Operations, Timing Device that Controls Electric Current in	216	Wilhelm, D. M., Personal of	200		
Welding, Organized Courses in Electric	207	Wilkins-Anderson Co.: Hydraulic Press for Mounting Metallurgical Specimens	640		
Welding Permits Quick Repairs, Bronze-	217				
Welding, Reconditioning the Teeth in a Large Gear by Bronze-	231
